

**PASSISS 2020 Scientific Programs (E-Poster)**

Code	Title of Abstract	Presenter
EP-01	Percutaneous Endoscopic Treatment for a Symptomatic Sacral Tarlov Cyst	Bin Zhang (China)
EP-02	Biportal Endoscopic Technique for Extraforaminal Lumbar Interbody Fusion: A Technical Note	Hyun-Jin Park (Korea)
EP-03	Percutaneous Pedicle Screw Fixation with Vertebral Augmentation Using a Bio-Engineered Degradable Bone Graft Substitute for Thoracolumbar Fracture	In-Seok Son (Korea)
EP-04	Denosumab: A Potential Treatment Option for Aneurysmal Bone Cyst(ABC) of the Atlas	Naresh Kumar (Singapore)
EP-05	Analysis of Unplanned Readmissions in Patients Undergoing Metastatic Spine Tumour Surgery (MSTS)	Naresh Kumar (Singapore)
EP-06	The Influence of Kyphoplasty on Lumbosacral Sagittal Imbalance in Osteoporotic Low Lumbar Vertebral Fracture Patients	Junjie Niu (China)
EP-07	High-T1 Slope is Not a Risk Factor for Outcome of Laminoplasty: A Systematic Review and Meta-Analysis	Shenghao Wang (China)
EP-08	Cage Subsidence and Migration in Oblique Lumbar Interbody Fusion Combined with Unilateral Pedicle Screw Fixation for Grade 1 Spondylolisthesis	Wang jian (China)
EP-09	Bone Mineral Density as a Predictor for Cage Subsidence Following Stand-Alone Oblique Lumbar Interbody Fusion for the Treatment of Degenerative Lumbar Diseases	Wang jian (China)
EP-10	Predicting the Prognosis of Acute Cervical Spinal Cord Injury Using Radiomics with Deep Learning	Sho Okimatsu (Japan)
EP-11	Minimally Invasive Lumbar Fusion for Degenerative Disease: Facet Fusion	Takeshi Aoyama (Japan)
EP-12	Correlation of Deformation of Kyphotic Angle with Fat Infiltration Rate of Multifidus and Erector Spinae in Patients with Acute Osteoporotic Fractures of the Lumbar Spine	Jong-Min Baik (Korea)
EP-13	Osteoporotic vertebral compression fracture associated pregnancy and lactation in young women - Cases Study	Yun Seong Kim (Korea)
EP-14	An Experiment Study of the Protective Effect of Hydrogen Against Ischemia-Reperfusion Induced Spinal Nerve Cell Apoptosis	Yanqing Sun (China)
EP-15	The Clinical Efficacy of Large-Channel(DELT) Endoscopic Decompression Fusion in Treatment of Degenerative Lumbar Disease	Zhang Jiehe (China)
EP-16	Percutaneous Endoscopic Excision and Ablation of Osteoid Osteoma of the Lumbar Spine and Sacrum: A Technical Note and Outcome	Jiancheng Zeng (China)
EP-17	OLIF Combined with Anterior Fixation for Lumbar Synovial Cysts with Instability	Jiancheng Zeng (China)
EP-18	Clinical Outcome in Post-Traumatic Spinal Cord Injury Complete Type Treated with Wharton's Jelly Allogeneic Stem Cell: A Case Series	Yudha Mathan Sakti (Indonesia), Muhammad Riyad Filza (Indonesia)
EP-19	Effectiveness of Endoscopic Spinal Surgery Using O-Arm Navigation for Cervical Spine Disorders	Takuya Nikaido (Japan)
EP-20	Minimally Invasive Transposas Lateral Lumbar Interbody Fusion for Treating Spondyloarthropathy of Human Immunodeficiency Virus-Infected Patient	Hae-Dong Jang (Korea)
EP-21	Subsequent Vertebral Compression Fracture after Kyphoplasty for Osteoporotic Vertebral Compression Fracture	Manh Hung Do (Vietnam)
EP-22	Acute Spinal Cord Compression after Surgical Management for the Stab Wound Causing Vertebral Artery Injury	Manh Hung Do (Vietnam)
EP-23	Screw Fixation Technique for C1 Atlas Fracture	Ki-Youn Kwon (Korea)
EP-24	Cortical Bone Trajectory Pedicle Screw Fixation in Surgical Treatment of Mono-Segmental Pyogenic Lumbar Spondylodiscitis	Jaehyuk Shin (Korea)
